OUR ACTIONS ARE EFFECTIVE

CORPORATE

- Agreed sale for Kevitsa
- Strengthened financial position
- Compliant with financial covenants
- Platform of higher cash generating operations
- Effective copper sales hedge program
- Continued support from lending syndicate

OUR ACTIONS ARE EFFECTIVE – Q1 2016 RESULTS

OPERATIONS¹

- Strong operations continue
- 4th successive quarter of higher copper production & lower unit production cost
- All-in sustaining cost well below a year ago
 - Copper by 39% to US\$1.36
 - Nickel by 11% to US\$4.93
- Highest quarterly copper production & sales

¹ Continuing operations which exclude Kevitsa

PLATFORM OF HIGHER CASH GENERATING OPERATIONS

- **Kansanshi smelter** – exceptional start-up and continuing operation

FIRST QUANTUM
MINERALS LTD.

ANNUAL GENERAL MEETING

PLATFORM OF HIGHER CASH GENERATING OPERATIONS

- **Kansanshi smelter** – exceptional start-up and continuing operation

- **Çayeli** – well-managed mature operation

PLATFORM OF HIGHER CASH GENERATING OPERATIONS

- **Kansanshi smelter** – exceptional start-up and continuing operation
- **Kansanshi mine** – benefitting from having a dedicated smelter
- **Las Cruces** – steady strong operation
- **Guelb Moghrein** – significantly stronger
- **Ravensthorpe** – one of the lowest cost nickel producers
- **Çayeli** – well-managed mature operation
- **Pyhäsalmi** – recognized as one of the most efficient underground mines in the world

SENTINEL RAMPING UP

- Progressively higher production every quarter since Q1 2015
- Expected to be able to run at or near design throughput capacity with the current 120MW allocation
- Awaiting electrification of 2nd power line expected in Q2 2016

COBRE PANAMA DEVELOPMENT ON TRACK

- Most challenging aspect of the project is well under control
- Priority given to the power station and associated infrastructure
- Revenues from power sales expected in 2nd half 2017
- Expenditures being managed to suit market conditions

A POSITIVE OUTLOOK

- Power situation in Zambia has stabilized
- Focus on cost and process optimization continue
- Advancing the process to put in place up to US\$2.5 billion of project financing for Cobre Panama
- Changes to Zambian mining tax regime expected during 2016:
 - Repeal of the variable profits tax
 - Lowering of the current 20% royalty to between 4-6% depending on the monthly average LME copper trading price

**First Quantum
is a stronger
company with
a platform of
high-quality assets**
