CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENT

Some of the statements contained in the following material are forward-looking statements and not statement of facts. Such statements are based on the current beliefs of management, as well as assumptions based on management information currently available.

Forward-looking statements are subject to various risks, uncertainties and other factors that could cause actual results to differ materially from expected results.

Readers must rely on their own evaluation of these uncertainties.

Note: all dollar amounts in US dollars unless otherwise indicated

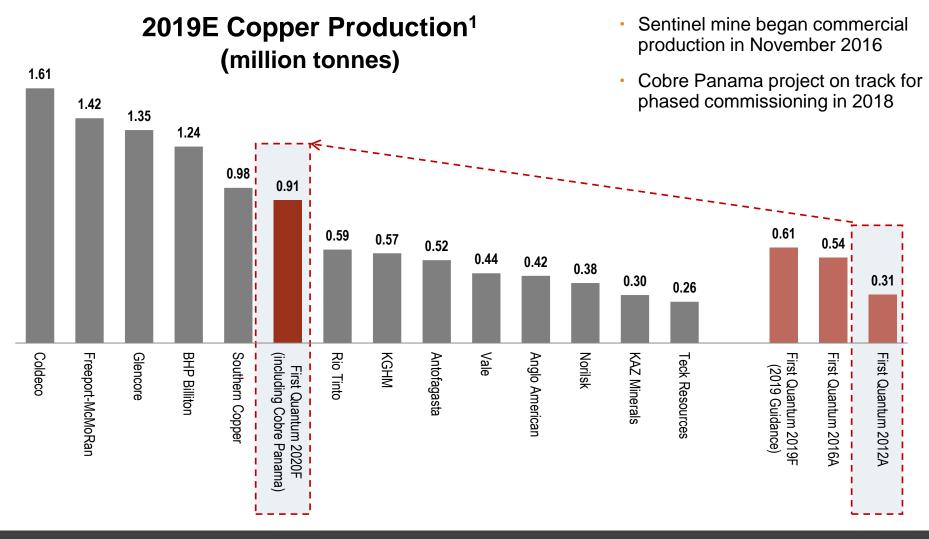

A LEADING COPPER PRODUCER

UNRIVALLED GROWTH IN COPPER PRODUCTION

First Quantum excludes the sold Kevitsa mine
 2020F assumes flat year-over-year production plus
 300K tonnes of production from Cobre Panama

DELIVERED ON OUR OBJECTIVES

- Sold the non-core Kevitsa mine for a total of \$732M in cash
- Ramped up & started commercial production at Sentinel
- Achieved record copper production & sales
- Lowered unit production cost
- Strengthened our financial position
- Protected cash flows in a weak copper price market

STARTED COMMERCIAL PRODUCTION AT SENTINEL

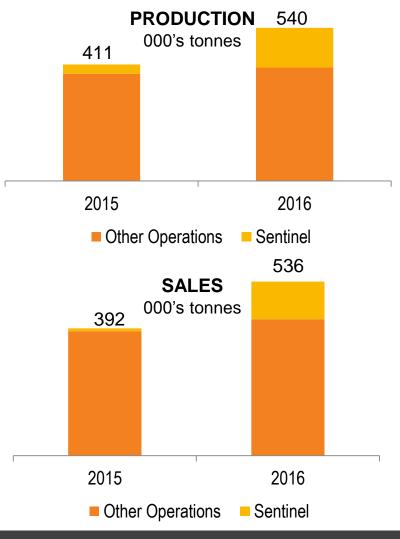

- Operations stabilized with improved crusher and conveyor availability
- Power supply progressively increased after 2nd power line energized
- Unit production cost for two months of commercial production: C1 = \$1.47/lb;
 AISC = \$2.13/lb; C3 = \$2.16/lb
- Transitioning to terrace mining for increased mining efficiencies and improved water management capabilities

RECORD COPPER PRODUCTION & SALES¹

- Good results across the operations:
 - ➤ Ramped up & began commercial operations at the Sentinel mine
 - ➤ Higher production at the Kansanshi mine
 - > Record output from the Las Cruces mine
 - ➤ 1st full year in commercial operation for the Kansanshi smelter
- Generated \$964M comparative EBITDA;
 \$0.24 EPS

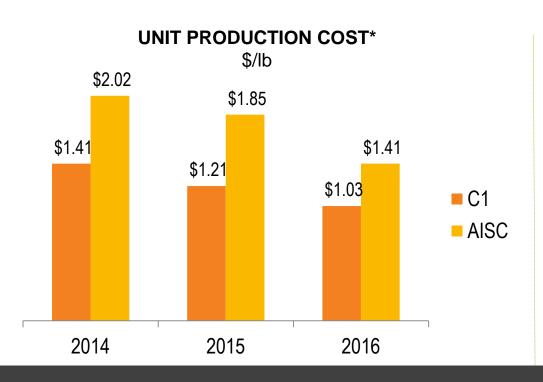

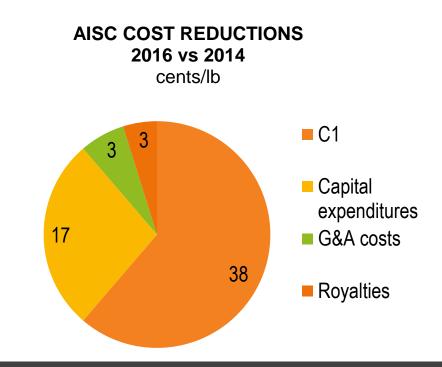

LOWERED COPPER UNIT PRODUCTION COST

- 2nd consecutive year of cost reduction:
 - ➤ Benefits of operating the Kansanshi smelter
 - ➤ Delivery on cost savings programs

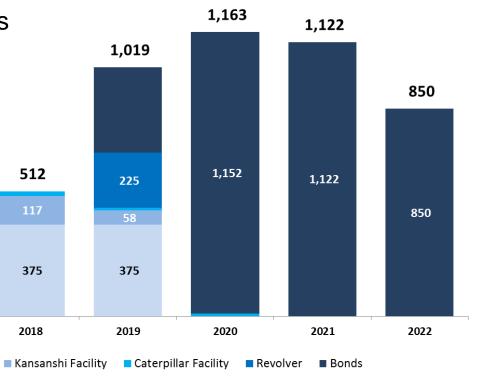

325

188

2017

STRENGTHENED OUR FINANCIAL POSITION

- Completed a refinancing in May 2016
- Year-end 2016:
 - > \$713 million of committed undrawn facilities
 - > \$565 million in net unrestricted cash
 - > \$964 million of working capital
 - ➤ In full compliance with all debt covenants

LONG-TERM DEBT PROFILE
\$ millions

PROTECTED CASH FLOWS IN A WEAK COPPER PRICE MARKET

- Initiated a sales hedge program to ensure stability of cash flows in the current higher capital expenditure phase of the development of the Cobre Panama project
- Added \$60M to revenues for the year 2016

COBRE PANAMA DEVELOPMENT ON TRACK

- Mining concession extended for a second 20-year term to February 2037
- Port & power station at peak construction
- Mine site & process plant areas moving towards construction peak in 2H 2017
- Priority given to the power station and associated infrastructure
- Expect first commercial power in Q4
 2017 from the first 150MW unit
- 2nd 150MW unit expected to follow into operation in the 1H 2018

COBRE PANAMA DEVELOPMENT ON TRACK

- All 7 mills and their drives should be fully installed by the middle 2017
- Commissioning of entire operation planned to begin in 2018
- Target to achieve an equivalent 60 million tonne-per-annum throughput rate in December 2018, and continue towards steady state operation and further ramp up in 2019

COBRE PANAMA DEVELOPMENT ON TRACK

Capital unchanged at \$5.48B

\$ billions	Total	First Quantum	3 rd Party
Spent to Dec 2015	2.72	1.86	0.86
Spent to Dec 2016	0.76	0.46	0.30
Estimated 2017 spend	1.06	0.64	0.42
Estimated spend 2018 to completion	0.94	0.41	0.53
Total Cobre Panama	5.48	3.37	2.11

COBRE PANAMA - PROJECT FINANCING UPDATE

Good progress made on Project Financing

- Project financing for Cobre Panama was launched to ECA's in December 2016
- Discussions with a number of ECA's across Asia, Europe and North America going well
- Expected long term debt of up to \$2.5 billion

- Site visit and term sheet discussions will be held in March with follow up discussions in Q2 2017
- Targeted completion of the second half of 2017

POSITIVE DEVELOPMENTS IN ZAMBIA

Improved power situation:

- 301MW currently being provided to Kansanshi complex and Sentinel sufficient for current operations
- ➤ Itezhi-Tehzi hydro added ~120MW into the system
- ➤ Maamba Collieries introduced the 2nd 150MW (300MW total) mid-November 2016

Changes to Zambian mining tax regime enacted June 1 2016:

- Variable profits tax repealed
- ➤ 20% royalty lowered to between 4-6% depending on the monthly average LME copper trading price (currently 5%)

VAT accrued to December 31, 2016 = \$275 million:

- Refunds of \$77M received for claims subsequent to February 2015
- Discussions with relevant authorities continue

3-YEAR MARKET GUIDANCE

PRODUCTION GUIDANCE¹

000's	2017	2018	2019
Copper – tonnes	570	600	605
Nickel – contained tonnes	25	25	25
Gold – ounces	200	200	200
Zinc – tonnes	20	20	15

C1 CASH COST AND ALL-IN SUSTAINING COST GUIDANCE¹

C1 Cash Cost ² - \$ per pound	2017	2018	2019
Copper	1.20 - 1.40	1.20 – 1.40	1.20 – 1.40
Nickel	4.60 - 4.80	4.60 - 4.80	4.60 - 4.80
All-in sustaining cost ³ – \$ per pound			
Copper	1.65 – 1.80	1.65 – 1.80	1.65 – 1.80
Nickel	5.10 - 5.40	5.10 – 5.40	5.10 - 5.40

¹ Copper guidance provided includes estimates for Sentinel but not for Cobre Panama

² C1 cash cost includes all mining and processing costs less any profits from by-products such as gold, cobalt or zinc. TC/RC and freight deductions on metal sales, which are typically recognized as a component of sales revenues, are added to C1 cash cost to arrive at an approximate cost of finished metal.

³ All-in sustaining cost is defined as C1 cash cost plus general and administrative expenses, sustaining capital expenditure, deferred stripping and royalties

3-YEAR MARKET GUIDANCE

CAPITAL EXPENDITURE GUIDANCE⁴

\$ millions	2017	2018	2019
Total Cobre Panama	1,060	830	110
Third-party contribution	(420)	(330)	(200)
First Quantum's share of Cobre Panama	640	500	(90)
Capitalized stripping	200	200	200
Sustaining capital and other non-major projects	<u>230</u>	<u>150</u>	<u>150</u>
Total net capital expenditure	<u>1,070</u>	<u>850</u>	<u>260</u>

⁴ Excludes capitalization of any net pre-commercial production costs and capitalized interest
